

Watch Predictive Technique

of E.Saravanan

-Rajendra Nimje

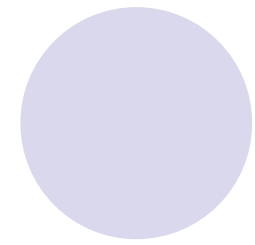

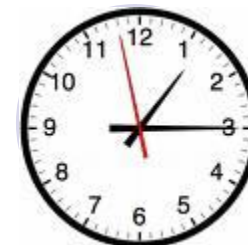

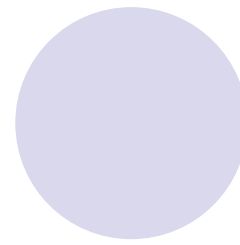

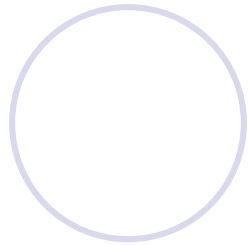

What is WPT?

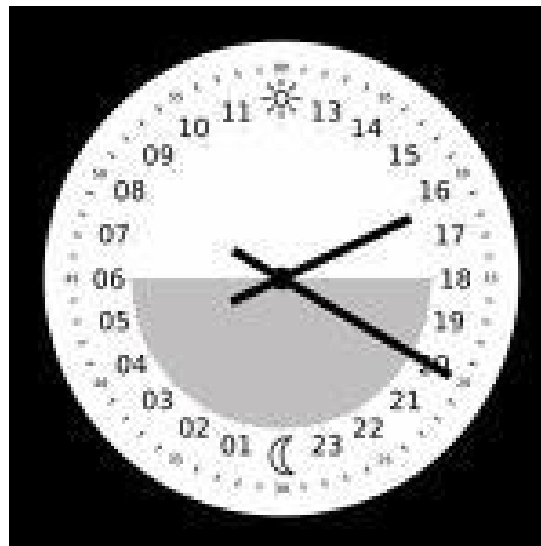

- | Instant Predictive Technique
- | Yes/No questions can be handled quickly
- | Good for Non-Astrologers too
- | Can be used for choosing good time for
 - | Meeting boss
 - | Operating patients
 - | Investing in stocks
 - | To get admission in school
- | Very simple to use- Predict from your Watch

Basics

- | Watch has two hands hour and minute
- | Hour hand represents Ascendant or Lagna
- | Minute hand represents Moon

Determining Good Time

- | Good Time for any work or happening of event depends on relation between Ascendant and Moon position
- | Hence relation between Hour hand and minute hand decides the Good Time

Ascendant= Hour Hand

- | Hour Hand of watch represents Ascendant or Lagna
- | 00 Hrs- 01.00Hrs. = Aeries or Mesha Rasi
- | 1.00Hr-2.00 Hr= Taurus or Vrishabha Rasi
- |
- | 11.00Hr.-12.00Hrs.= Pisces or Meena Rasi

Moon = Minute Hand

- | 60 Minutes divided in group of 5 minutes , we get 12 such groups.
- | 00.05 Minutes = Aries or Mesha rasi
- | 05-10 Minutes = Taurus or Vrishabha
- |
- | 55-60Min = Pisces or Meena Rasi

Lagna – Moon Relation

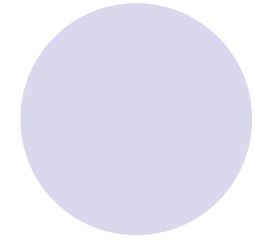

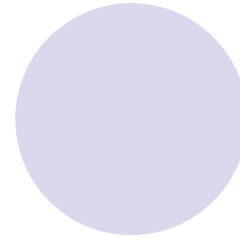

- | We need to find the relation between Lagna and Moon to know good time
- | We can find it from Hour – Minute relation
- | Count the rasi of lagna to rasi of moon and vice versa.
- | E.g. Lagna in Aeries and Moon in Aeries then the count of moon from Lagna =1

More Examples

- 1. Lagna = Taurus ; Moon = Cancer then counting from Lagna the difference is 3 (count lagna =1 first)
- 2. Lagna = Aquarius and Moon = Sagittarius then counting from Lagna the difference is 11 ; reverse from moon to lagna is = 3
- Above example we can call the difference is 3-11

What is Good?

| Lagna-Moon rasi difference

- | (1-1) Excellent i.e. Both are in same Rasi
 - | It means the Lagna is harmonious with Moon to offer positive results about the event.
- | (3-11) **Very Good results**
- | (5-9) Good
- | (7-7) Stress
- | (2-12) Delay or Denial
- | (4-10) Hard Luck
- | (6-8) **Failure**

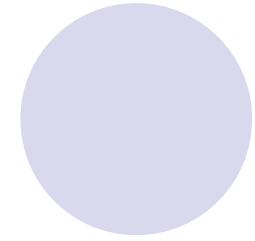

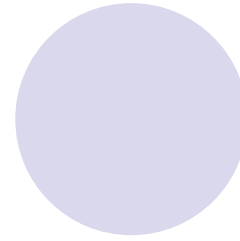

Lagna-Calculations

Ascendant or Lagna calculations

- Take the Complete part of Hour and add 1 to it. If more than 12 subtract 12 from it.
- E.g 2 Hrs. 10 Minutes then Asc Rasi = $2+1 = 3$
- E.g 12.10PM then Asc = $12+1 = 13$; as it is more than 12 , subtract 12 ; $13-12 = 1$ and hence the ascendant rasi is 1

Moon Calculations

- | Take the minutes part of the Time
- | Divide it by 5.
- | Round to next digit
 - | e.g. if 12 minutes -> $12/5 = 2.4$ à Round to 3
 - | E.g. if 29 minutes à $29/5 = 5.8$ à Round to 6
- | This is the Moon Rasi

Difference Calculation

- | Difference = Moon Rasi – Lagna Rasi +1
- | If the difference is negative then Add 12 to it
- | E.g. Moon Rasi 4 , Lagna is 3 then difference is $\rightarrow 4-3+1 = 2 \rightarrow$ Delay
- | E.g. Moon Rasi 1, Lagna is 11 then difference is $1-11+1 = -9$; it is negative hence add 12 $\rightarrow -9+12 = 3 \rightarrow$ Very Good

Application of WPT

- | For Instant Prediction
- | If you want to know the outcome of some event... say cricket match, interview result, exam result, getting contract , fixing alliance.. Just look at the Watch
- | See the hour hand and fix lagna or ascendant rasi
- | See the minute hand and fix moon position

Application of WPT

- | Note the Lagna to Moon relative position on the Rasi Chart or by calculations explained.
- | Predict the result from the relationship
 - | E.g. 1-1 is Excellent and 6-8 as Failure
- | Fixing the auspicious time for meeting someone, starting something ... any event
- | Just get the time from table for excellent or very good. Avoid Failure or Bad timings.

WPT through Chart

- | Asc - Aries
- | Moon- Leo
- | Difference =5
- | Result = Good

	ASC		
			
			Moon

Be Watchful..

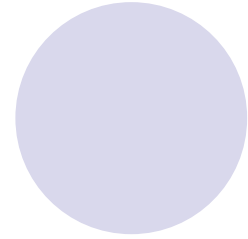

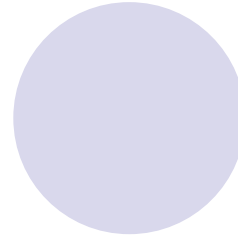

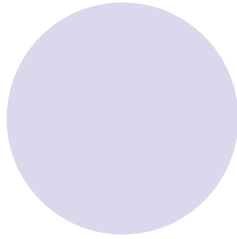

- | Do not look at the time again and again for the same event. Even if the watch is not working then also interpret from the time shown in the watch. It is a divine direction
- | Do Carry a copy of the table with you in wallet for quick predictions.
- | Apply to many situations and also try to confirm by other astrological methods

My Concerns

- | WPT presumes all days (and all nights) the same time is good for an event
 - | E.g. Monday 4.21AM or 4.21PM is good and is also good for any other day.
- | WPT does not differentiate between different events. E.g. the time is good for marriage fixing and also it is good for digging a well, for exam results and for taking a job. It is not taking into account the nature of Lagna and Moon rasis.

Thank You

ALL

Special Thanks
to Sri M.C. Appa for inspiring me on WPT
