

**ROLE OF 'SUBLORD'  
IN PREDICTION OF EVENTS**

# KP REVOLVES AROUND SUBLORD

- Prof. Krishnamurti found ‘sublord’ - a portion of constellation based on proportional division of constellations span on Dasa system. *It is this narrow area in zodiac ranging from 0deg 46 min and 40 sec to 2 deg 13 min and 20 sec which plays a dominant role in deciding the planetary or cuspal signification.*

# STAR- CONSTELLATION SPACE

- Zodiac divided in 12 Rasis – 360 Deg
- Each Rasi Span is 30 Degrees. First Rasi Aries or Mesha and the last Pisces or Meena
- Stellar division of Zodiac – 27 Constellations
- First Constellation is Ashwini and the Last Rewati.
- Span of each Constellation is 13 Deg 20 Min of the Zodiac Space

# SUBLORD

- Each Constellation is 13Deg20Min in Zodiac
- It is further divided in the proportion of Vimshottari Dasa – Sequence Starts from Owner of the Constellation
- This division is called the sub division or Sub in Krishnamurthy Paddhati
- The divisions are unequal in size. e.g Ketu's sub will occupy  $(13 \text{ deg } 20 \text{ min} * 7/120)$  space of Zodiac. Venus –  $13\text{deg}20\text{min} * 20/120$

## HOUSE DIVISION & CUSP

- KP uses Placidus division of houses - Cusps
- Cusp starting Deg, Min Sec is important for deciding the matters of that Cusp.
- Cusp will fall in a Rasi , Constellation and a SUB e.g. Ascendant at  $\varphi 21\text{deg}58\text{min}01\text{sec}$
- Means Aries Rasi Owned by Mars Constellations is Bharani owned by Venus and the SUBLORD area is ruled by SATURN
- The **Cuspal sublord decides** whether to give results and to what extent about the Cusp

## CUSPAL SUBLORD IS THE KING

- Main house Cuspal SUBLORD if signify the main or auxiliary houses then the matter will fructify in the Dasa Bhuki and antara of the significators of these cusps
- e.g 7<sup>th</sup> Cusp is the main cusp for marriage.
- 7<sup>th</sup> Cuspal Sublord if signify 7 or 2 or 11 then the marriage is promised for the native
- 7<sup>th</sup> Cuspal sublord if not at all signifying 7 or 2 or 11 then the person will remain unmarried.

# TRIPLETS CASE

- Triplets are born in Vijayawada, Andhra Pradesh on 22<sup>nd</sup> June 2003 at
- Triplet I at 10.10AM
- Triplet II at 10.16 AM
- Triplet III at 10.26 AM
- The Ascendant is in Leo Rasi and Ketu Star for all the three triplets
- As per traditional astrology
  - Leo owner Sun in 10<sup>th</sup> and Constellation Ketu in 3<sup>rd</sup> Promises Good Longevity to all triplets
  - Sun and Saturn are conjoined in Gemini giving long life to the baby as Saturn the karaka for longevity is a conjoining with life giver sun in the house of longevity.

# TRIPLET- I

Krishnamurthy Padhdhati - Ascendant sublord should connect to the houses of longevity 1, 3, or 8 favorably. The lagna sublord should not connect to maraka or badhaka houses else the longevity will be short/middle

Jupiter is traversing in the **constellation of Mercury** which is owning untenanted maraka house 2<sup>nd</sup> (Virgo) Mercury is aspected by Mars who is on the cusp of Maraka house 7<sup>th</sup> and owns badhaka house 9<sup>th</sup> for this triplet.

The Ascendant sublord is Saturn in constellation of Rahu who is posited in the badhaka house . Saturn however is placed in the Gemini and is aspecting lagna and eighth houses. Rahu gives results of its Starlord Sun which is ascendant lord and posited in 10<sup>th</sup>. Rahu also signifies its rasi lord Venus which is owning 3 and 10 and posited in 10<sup>th</sup>. Saturn or Rahu is not signifying 2<sup>nd</sup> house or 7<sup>th</sup> house and hence the maraka is not operated by the ascendant sublord.

The 6<sup>th</sup> cuspal sublord of this triplet is Venus. Venus in star of moon and sub of sun. Venus is owner of 3 and 10 and posited in 10<sup>th</sup>. Moon is owning 12<sup>th</sup> and posited in 8<sup>th</sup>. There is no connection of 6 or ascendant.

Ascendant Sublord is Mercury is placed in 10th house owning 11th and second which is a maraka house. Mercury is placed in constellation of moon which is placed in 8<sup>th</sup> house owning 12th house. There is no immediate danger to the life of this triplet as badhaka is not connected in this case. Moreover 8<sup>th</sup> house is playing a role of providing more longevity to the baby.

Sixth sublord which is Mars in the constellation and sub of Rahu. Any connectivity between sixth house and ascendant makes the native weaker and susceptible to disease. Here Mars is placed in sixth house aspecting ascendant, in constellation of Rahu which is strong significator of ascendant through its starlord sun. Rahu in sub of Saturn gives indication on the nature of disease. This triplet is crippled and could not walk properly till today.

# CUSPAL SUBLORD – DECIDES THE QUANTUM

- The benefits are enjoyed by the client only when the cuspal sub lord promises. Analogy - 'In order to fetch the water in bucket from well, Water must be in the well first'
- How Much?- Analogy – Whether water is a bucket full or tumbler full or only a glass full.
- Quantum is also decided by Cuspal SUBLORD.
- Cuspal Sub if signifies main and auxiliary houses all then the full quantum else proportionate

# QUANTUM OF PROMISE

- e. g. 2<sup>nd</sup> Cusp decides the Finance for the Chart Natal/Horary
- 2<sup>nd</sup> Sub signifies 2, 6 and 11 all and not connected to 1 and 5 then Native is a Billionaire.
- 2<sup>nd</sup> Sub Signify 2 and 6 or 2 and 11 = Millionaire
- 2<sup>nd</sup> Sub Signify 2 or 6 or 11 – Reasonable finance
- 2<sup>nd</sup> Sub Signify 2 and 6 and 12 then Earning and Spending
- 2<sup>nd</sup> Sub Signify 1, 5, 10 only then Hand to Mouth

# KP RULE FOR PLANETARY SIGNIFICATION

- Planet is the Source, Constellation Lord by ownership and placement shows the Result and SUB LORD is the decider of the event
- The results are good if the sub is connecting to houses harmonious to the matter
- Results are bad if sub is connecting to negative houses to the matter

# PLANETS UNDER DICTATE OF ITS SUB

- Planet by position or ownership of houses will give results- Traditional Astrology
- Planet will give the result of constellation lord by placement and ownership of houses.
- e. g In a period of a planet if it indicates 4 and 11 house and Venus connection by Dasa Lord and its constellation lord – Vehicle is promised.
- Sub of the Dasa Lord if connected to 4 or 11 then Native will possess a Vehicle
- Sub of Dasa Lord if connected to 3 or 12 then the Native will part with the Vehicle

- There are planets in Rahu constellation (sat,moon,mer and ketu) hence Rahu is weak significator of 3, mer(3,12,9)
- **Rahu's const. lord is Ven-8th** = trouble but good for longevity. It is owning untenanted lagna , hence strong for longevity.
- -- Rahu is in the Sub of moon the lord of 10th house. It is placed in 8th house but not connected with maraka and badhaka. Full Longevity

# BHUKTI - VENUS

- **Bhukti lord Venus** signifies Ascendant and eight both longevity houses. It is in constellation of Mars owning tenanted maraka house 7th and untenanted maraka house 2nd. Though signifies danger but placed in 8th indicates it will ward off. Venus is in sub of Ketu , Ketu is placed on the Ascendant Cusp harmonizing with Longevity to the Chart. **Saturn is the sublord** , the planet which is in 8th which increases longevity. Sat is strong to give results as no one in its star. Sat is owning 4 and 5 strongly. Sat in star of Rahu good for longevity but connecting to Mars 2,7 and 8.

Sublord of Saturn is Venus which is in 8th and owning lagna , hence Saturn antara is good for longevity. Mars will try to pose a threat to the longevity but Venus the sub will protect the life of the Govt.

## POSITIVE & NEGATIVE TOGETHER

- If the cuspal sublord signifies Main or auxiliary houses then the matter regarding the main house will fructify
- If CSL is Signifying negative houses then the matter will not fructify
- If CSL signify both Harmonious and Non-Harmonious houses then?
  - Both the events happen

# BOTH- IN RESPECTIVE SUB PERIODS

- e. g . 7<sup>th</sup> Sublord signifies 7 and 6<sup>th</sup> ; 2<sup>nd</sup> and 1<sup>st</sup> then marriage and divorce/seperation both are stored for the native.
- In the period/sub-period of planet which signify 2, 7 he will marry and in the sub-period of 1, 6 there will be separation.  
(Naresh Mani case)
- If 10<sup>th</sup> sub indicate 10, 9 and 6 and 5 both getting and leaving the job is indicated
- Period/sub-period of 10, 6 native will join and in the period/sub-period of 9 and 5 he will leave.

## MIXED RESULTS

- In some cases we get mixed results when CSL signify positive and negative houses.
- e.g. 2<sup>nd</sup> CSL signifying 2 & 1 ; 6 & 5 will give money to native but not to the extent which is would have got if CSL connects only to 2 and 6

## CSL & DBA

- CSL promise and DBA operation both needed for fructification of the event
- If CSL is promising but the DBA are over before the birth or will operate after the Longevity then the matter will not fructify
- **CSL not promising but DBA strongly indicate the matter – (Common Case for making errors)-  
Matter will not fructify**

## NEW AREAS FOR THE SUB

- Sublord of one house say Venus is also sublord for other houses. Does it become significator of other houses?
- e.g CSL of 2<sup>nd</sup> is Venus is also sub of 12<sup>th</sup> and 1<sup>st</sup>. Does Venus connects 2 and 12 houses. i.e. the native will earn and spend?
- **The matter needs more research and will be included in new areas of research at KPAF**

## SUB'S STARLORD

- KP rule is planet being source, constellation lord gives result and sub is the decider. If planet's sub agrees then only we can confirm the results of planet and its constellation lord.
- However, New Four Step Theory considers sub as not decider but significator. Moreover, Planet's Sub's Starlord is also considered as Significator.
- The matter is already undergoing research at KPAF

# PLANET IN SELF CONSTELLATION

- If Planet is in Self Constellation then one school of thought replaces Const. lord by its sub and sub by sub-sub
- e.g if Venus is in Venus constellation and Mercury sub and Mars sub-sub then it is
- Venus-Mer-Mar i..e Venus in star of Mercury in sub of Mars.
- If the Constellation and sub is same then replace sub by sub-sub

## SUB DECIDING RPS?

- Ruling Planets is the magic stick in Krishnamurthy Padhdhati
- How to Choose if there are many Ruling Planets?
- RPs which are in favorable sub to the matter will give results. RPs which are in sub negating the houses under consideration or even neutral houses will not give results.

## SUB'S ROLE IN HORARY

- If Cuspal Sub's star is Retrograde planet then in Horary the matter will not fructify.
- However, if sub is retrograde then?
  - Matter does fructify when the retrogression is over and the planet comes back to same deg in direct motion.
  - If Sub is **RETRO** and has no planets in its constellation or it is in self constellation then the matter will not fructify. (Ref. A&A Sept.1970 P.19)

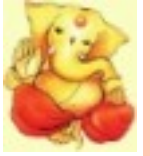

## SHALL WE GO TO SUB-SUB?

- New theories like cuspal interlinks depends on Cuspal sub-sub.
- However in pure application of KP the **SUB IS THE KING AND SUPREME AUTHORITY** to decide the Capability and Quantity in case of Cuspal sub and allowing event to happen in case of Planetary Sub. It also helps in RP filtration which is the master key of KP
